BRIDAL HAIR & MAKEUP TIPS

BEFORE TRIAL	TRIAL DAY	AFTER TRIAL
<p>Wedding hair is different for every bride... Up, half-up, curls, braids, straight, or any combination of the preceding.</p> <p>Consider a hair style that best complements the neckline and overall style of your dress. Bridal magazines and the internet are great places to look for wedding hair styles.</p> <p>Schedule hair and/or makeup trial approximately three (3) months prior to wedding.</p> <p>Bring photos of hair style you have selected...front, back, top, sides.</p> <p>If possible, bring photo/s of yourself in your wedding dress, as well as pictures of flowers or anything else you will be carrying. This will assist with aesthetic guidance.</p> <p>Wear wedding makeup to trial. If salon will be applying, schedule appointment one (1) hour prior to hair trial. This provides an overall visual effect for the actual wedding day.</p>	<p>Hair should be clean and dry.</p> <p>Wear a white, button-down shirt.</p> <p>Wear any hair accessories (veil, clips, pins, etc.) you plan to wear on your wedding day.</p> <p>If necessary, ask stylist for instructions on removing hair accessories after ceremony.</p> <p>Generally, the length of time spent on your hair style at the trial is what you can expect on the day of the wedding.</p>	<p>Take plenty of pictures of your trial wedding hair...front, sides, back, top, etc. for reference on wedding day.</p> <p>Confirm details for wedding day... <ul style="list-style-type: none"> • Appointment Time • Number of attendants/guests requiring hair and/or makeup services. </p>
